Art Unit: 1732

DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: the prior art does not teach or suggest a process for producing expandable plastic granulate from a plastic melt and a fluid blowing agent including, providing first and second static mixers, dispersing the blowing agent in the melt in the first static mixer to from a mixture such that the mixture is subjected to intensive shearing and retaining the mixture for a predetermined time at an elevated temperature and pressure for a predetermined time interval in the second static mixer such that the mixture is subjected to less intensive shearing than in the first static mixer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stefan Staicovici, Ph.D. whose telephone number is (571) 272-1208. The examiner can normally be reached on Monday-Friday 9:30 AM to 6:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael P. Colaianni, can be reached on (571) 272-1196. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
